

Environmental – (Since January 12)

Conducted one real estate transfer inspection

Received two inquiries on troubleshooting problems

GIS/Zoning (January 2016)

Received 5 data requests from private companies

Completing splits of Anthony Lake properties.

Created maps for:

- Tornado Disaster Exercise

- Section maps for Noxious Weeds

- Wall maps for Sheriff's Office, Road and Bridge and Appraiser's Office

Annual GIS Subscriptions are expiring at the end of the month so renewal letters were sent out.

All files have been sent to SDR Mapping to finish design of the new mapping software for dispatch.

No permits issued in the month of January for Zoning but we have had several inquiries on building new homes and platting requirements. We will be having a planning commission meeting in March for our annual review of regulations and comprehensive plan.
